# RZ-570, RZ-800, RZ-801, RZ-900 & RZ-901 – Rzr Cargo Rack Installation Kit

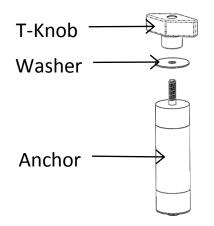

The RZ-570 Rzr Cargo Rack Installation Kit fits all years of the 570 Models. The RZ-800 & RZ-801 Kit fits Models 800, 800 S & 800-4. The RZ-900 & RZ-901 Kit fits all years of the 900 Models. The Kit comes with a Cargo Rack and 4x Anchor Assemblies.

Cargo Rack

Anchor Assemblies
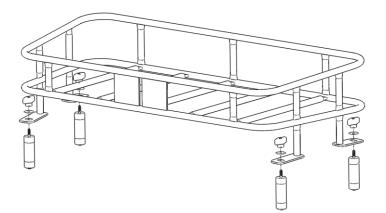

Installation:

Step 1:
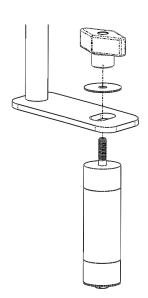

T-Knob

Washer

Anchor

Remove the T-Knob and Washer from each of the Anchor Assemblies.
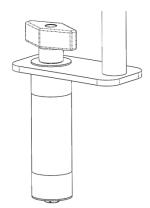

Step 2:

Insert an Anchor Assembly in each of the 4 corners of the Cargo Rack.

The threads of the Anchor Assembly will fit up into the slots. Replace the Washer and T-Knob. Screw the T-Knob and Washer down until it is finger tight but can still slide freely in the slot.

Do NOT tighten beyond finger tight at this point.

Step 3:

Lift the Cargo Rack into place, locating each of the Anchor Assemblies into a Mounting Hole located on the Rzr Bed sides.

If an Anchor will not enter a mounting hole, make sure that none of the T-Knobs are threaded too tight.

Step 4:

Tighten the 4 T-Knobs of each Anchor Assembly. Once all 4 have been tightened, the Rzr Cargo Rack has been successfully installed.
