

Dear Valued Customer:

I am sorry to inform you that after 30 years of business, Renaissance Doors & Windows closed its doors for good in December of 2012. We completed the 120 jobs in our backlog, liquidated the factory equipment and materials and laid off 80 employees, most that had been fantastic and loyal employees for over 20 years.

I have taken a position as the president of a manufacturing business in the Inland Empire and I am also doing some consulting work in the door and window industry.

I send this letter with an endorsement of 21<sup>st</sup> Century Doors & Windows so that you may continue on with all your door and window needs with a professional company that has over 150 years of combined experience and knowledge of the contracting and product supply business.

21<sup>st</sup> Century Doors and Windows is owned by Mike Whaley, who was a Sales Manager for Renaissance Doors for 24 years. He brings with him tremendous knowledge of the business and has hired installers and administrative people that had worked for me at Renaissance Doors & Windows.

Their products and services include:

- Made to order doors and windows to match what you have in your home
- Simonton Vinyl Windows and Doors
- Wood and Fiberglass Entries in standard and custom sizes and designs
- Jeld-Wen Doors & Windows
- Ply Gem Windows and Doors
- A full line of interior doors and closets doors
- and a service department that can paint or recondition your existing doors and windows.

Their showroom and corporate office is located at 10005 Muirlands Blvd., Irvine, and they can be reached at 949-215-1170.

Thank you for 30 years of support.

Sincerely,

*Mike Jenkins*

Michael Jenkins  
Former President and CEO  
Renaissance Doors & Windows
