Our Vision

Whole Health Recovery Focus:

To focus on whole health recovery of the individuals, includes mental, physical, emotional, and spiritual health, through a systematic integration of recovery-orientated health services, training and supporting Peer Support Specialists and Providers and employing them pervasively among system partners.

To ensure access to those who would benefit from receiving peer support services will have access to the unique peer support that would serve them well.

Who We are

LAPS was created to empower the Louisiana Peer Supporters to play an important role in the recovery of our peers. Our goal is to give support to those who provide services to those who are dealing with various health and/or disability related issues.

LAPS is a non-profit peer-led member of the International Association of Peer Supporters (INAPS).

What we Do

LAPS aims to positively evolve the Louisiana system of care to be more responsive to and inclusive of Peer Support, to be accomplished through research, education, training, public policy education, workforce development, opportunities, and special projects.

Our Values and Guidelines

- Respect the dignity of persons served
- Practice reflects a strengths-based approach
- Recognition that recovery is non-linear and unique to the individual
- Respect and sensitivity to different cultures
- Serve others in a honest manner that reflects integrity
- Act ethically and in a manner that reflects appropriate boundaries
- Recognize the importance of a collegial relationship with others
- Recognize the importance of empathy
- Act in ways that do not intentionally jeopardize another's health and/or well-being
- Act in ways that do not negatively affect the reputation or operation of LAPS
- Act in ways that do not conflict with the mission of LAPS
-
