

Dear Friends of GreenStone Ministry,

- This is a prayer request like never before. I warn you of its sensitive nature, understanding that many of you may already be aware of this extreme situation.
- A sad and grim discovery is beginning to surface throughout Ethiopia. As many as 100 children, perhaps more, have been raped. Families are reporting this information which has been hidden for no one knows how long. As parents have come forward, others have been encouraged to tell their grievous story.
- As a relatively recent discovery, details are not yet clear. Hopefully those committing these crimes will soon be discovered and brought to justice.
- Please pray for the children and their families; for healing of the tender minds and bodies of the children.
- Pray that the culprits will be quickly discovered, brought to justice and there will be a quick end to this criminal behavior.
- Please pray for victims of Covid-19. In the midst of this dire situation, Covid-19 is beginning to spread throughout Ethiopia. Because of the shut-down, people have no income (no government unemployment relief) and some, especially pastors and church workers, are unable to feed themselves. Food shortage makes the cost of food inflated beyond the people's ability to pay. For many, it is becoming similar in nature to the severity of the draught in the 80's.
- Also please pray for the Ethiopian government that there will be wise leadership and that all aid will reach the people where it is needed.
- Thank you for praying! God bless you and God bless Ethiopia!

*Jeremiah 37:30 "Please pray to the Lord our God for us."*
