

# Summer Village of Yellowstone

## Policy #1-2015 - Bins for Waste and Compost

### Policy Statement

The Summer Village of Yellowstone would like to regulate the number of waste and compost bins per property to ensure each lot has adequate and fair waste and compost removal and to ensure the Summer Village is within its annual approved budget for waste/compost removal.

### Background

Residents have requested 2<sup>nd</sup> sets of bins from the Municipality.

### Additional Information

- The cost of additional bins are \$100.00 each;
- The Summer Village will be charged additional monthly fees for each additional bin;
- Tipping fees will be charged on additional waste bins;
- The additional costs are paid through the annual taxes;
- The Summer Village does not budget for the costs of additional bins or for the costs of additional waste removal

### Policy

Each improved residential lot will be approved the following:

-1 waste bin & 1 compost bin

Each vacant residential lot will be approved the following:

-1 compost bin

### Policy Notes

-consolidated lots (vacant/improved, vacant/vacant, improved/improved) are considered to be one lot.

Date Approved: November 20, 2015
