

# Sweet Repeats Seller Info

## Pricing:

- Seller sets the price and receives 70% of their total sold.
- General recommendation is to price items 25-35% of their original retail price. Consider brand name, condition and age of each item.
- Price reasonably to sell as much as possible on full price days. Consider 1/2 price day, especially if storing or donating after the sale, better 1/2 the money than none.

## Item Conditions

- No holes, pulls, snags, stains, odors or pet hair.
- All items will be inspected before being accepted. Please allow enough time for this process.
- Any battery operated, electric or electronic items must be in working condition and include batteries.
- All sizes/gender must be grouped separately.
- Any item can be rejected for any reason while being reviewed.
