## DID YOU KNOW....

Did you know....the crew of the hit TV series; "American Pickers" is coming to town?

The series is a documentary that explores the fascinating world of antique "picking" or choosing items which have long been ignored by their owners that deserve a second ( and profitable) life. Mike Wolfe and Frank Fritz are returning to Southern California to look for long hidden treasures. They are some of the most skilled "pickers" in the business .

Do you have, or do you know someone who has, a sizable, unique collection of antiques of any sort? Is there an interesting story behind the collection or does the owner have an interesting past that would make a good interview?

Their mission is to recycle and rescue forgotten relics. Would you allow them to explore your collection for a day looking for good "picks?" If you know such a collector or are one yourself contact the show ASAP. They will be here in March.

American Pickers can be reached at: [Americanpickers@cineflix.com](mailto:Americanpickers@cineflix.com) or by calling: 855-old-rust.
