DESCRIPTION: Great looking bow of Bubinga and Freijo. This bow needed to be refinished, and we were not able to save any of the decals due to the crazing over them. No delamination; no cracks; limbs are straight. Overlay tips are in good condition. No drilled holes. There is a small stress line and a chip on the back near the sight window (see pic). Also, there is some discoloration on the limb near the tip (see pic), and some repairs to scratches in the glass near the tip (see pic on last page). A few other scratches and scuffs on the limbs. Still, a very attractive bow.
