DESCRIPTION: This is a nice looking Cravotta Brothers Blackhawk Short Hornet from the 1960's. While it is 57.5", an AMO 58" string fits it well. Bow has no delamination; no cracks; limbs are straight. 4-layer tip overlays. Overlays and tips are in great condition. No drilled holes; No chips or cracks. A couple of small filled dings in the riser. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in poor-fair condition. The Short Hornet was a well respected bow that cost a few dollars **more** than the Bear Kodiak Magnum of the same year.
