JUPITER RETROGRADE – CHURCH AGE PATTERN

Possible Prophetic Patterns

The purpose of this illustration is to prophetically chart the Christian *Church Age* dispensationally and correlate it with the Jupiter retrograde -superimposed on the *Great Sign of Virgo* phenomenon as astronomically aligned on September 23, 2017. An emphases will be given to the start of the retrograde on February 9, 2016 that corresponds to the start of the 'Age of Pentecost'. The period will approximate the timeline in terms of the *7 Churches of Asia*, starting with Ephesus and ending with Laodicea. The pattern seeks to ascertain if the current *Age of Pentecost* or Grace through the work and indwelling of the Holy Spirit is encoded perhaps in the retrograde of Jupiter in the 'womb' of *Virgo* that approximates a gestation period leading-up to a type of 'birthing' perhaps. Many believe that the *Dispensation of Grace* is about to close as the YHVH will focus on His Promise to fulfill Daniel 9's last 7th Week with national Israel and revert back to 'Law' after the Rapture.

The *Age of Grace* is a "Mystery" time set apart by a beginning and ending of Pentecost that many Jewish Prophets of old inquired about and had little understanding until the Apostle Paul. If the 'gestation' or retrograde of *Jupiter* within the *Sign of Virgo* will be prophetic or significant remains to be seen. However, the Bible speaks that the present 'Age' has constituted the 'building-up' of the *Bride of Christ*. This work of grace has lasted more than 1984 years since 32 AD. The Bible further teaches that there will be a harvesting of souls to conclude the *Church Age* with the resurrection and rapture of the *Bride of Christ*. Is the Sign of Virgo, astronomically at least to culminated just after Rosh HaShanah in 2017 signifying that the Son of God, Christ Jesus is also getting the *Church Age* Believers ready for the soon Great Harvest?

This idea that *Jupiter* passing through *Virgo* could represent also the *Church Age* by way of its retrograde comes from Brad associated with the website *Revelation 12 Daily*. It is suggested that this Jupiter retrograde could potentially also be a symbolic timeline representing the *Church Age*. If this supposition is valid, then the Revelation 12 'pregnancy' could equal prophetically the '7 days' of the *Church Age* as it would correlate to the *7 Churches of Asia* with its 7 time-period, etc. Thus each segment of the *Jupiter* retrograde and station would point to a specific event that has occurred during the *Church Age*, such as the *Protestant Reformation* for example and with the timeline ending on the possible Rapture. This assertion is not insinuating though that on September 9 2017 when *Jupiter* is 'birthed' that it will be the specific date of the Rapture.

The constellation of *Virgo* is composed of 12 stars that reflect not only the 12 Tribes of Israel, or sons of Jacob but could also of the 12 Apostles, etc. Each constellation, their names and stars tell of the *Redemption Plan* of YHVH as found in the person of Jesus Christ. The constellation *Virgo* in this context is Israel and *Jupiter* is Christ the Redeemer but has overtones of the *Church Body* with the 'birthing' of the ManChild as a representative of Believers in Christ.

Thus will it be prophetic that in the 50th year of the liberation of Jerusalem and the *Temple Mount*, that the King Star of *Jupiter*, the one that has the 'stripes' and piercing wound 'Red Spot' happens to be right at the center of *Virgo*? This *Jupiter* retrograde happens to conclude just at the end of the Pentecost days by all accounts of the differing calendars to include the 6-day waiting period in which Moses then 'went up' to be with the LORD in the 'clouds' to receive the Law. Will this *Virgo Sign* of Revelation 12 and its *Jupiter* retrograde thus also possibly suggest then the year of liberation and redemption that could signify the end of the *Church Age*?
