DESCRIPTION: The highly valued Browning Cobra is a great looking and performing recurve. This one is structurally sound. It has no delamination, no cracks; limbs are straight. Beveled arrow shelf. Overlays and tips are in great condition. Factory installed bushings for stabilizer and quiver. There are 2 filled holes on the side of the riser (see pic) where a previous owner had put in a couple of homemade bushings for a quickie quiver. No chips, dings or cracks. No stress lines or crazing. There are a few areas on the left side of the grip where there are underlying varnish blemishes. Also, a few minor scratches and nicks here and there. Decal is in excellent condition.

This not a show piece bow, but if you're looking for a high quality shooter, this is a good choice.
