

Professors of Danzan Ryu Jujitsu

The title of Professor is one of the highest levels of achievement a person can be awarded in Danzan Ryu Jujitsu. The title of Professor is presented to select individuals who have dedicated many years of their life to the study of Danzan Ryu Jujitsu. Even though there are many different Danzan Ryu organizations they all have similar standards and requirements a person must meet in order to be considered for this prestigious title.

Note: This document will be periodically updated. Information concerning the names and organizations came from many different sources. If you have any additions or corrections to this list please contact Professor Bob McKean at cop2m@aol.com
