

***Updated* Knolls Pool Sign-Up Rules as of 7/20/2020**

- You must sign and return the Release of Liability Forms before using the pool.
- **3 Timeslots Per Week** - Each household can sign up for a maximum of **THREE** timeslots per week.
- **1 Timeslot Per Weekend** - Of the three slots a household can take each week, only **ONE** can be on a weekend day.
- **“Last Minute” Exception - After 6:00pm, you can claim unused slots for the following day.** You can also book unclaimed slots on the same day. ***Please include the time of your booking the notes on Sign-Up Genius.***
- **2 Households Per Timeslot** — We are continuing with openings for two households during each 1-hour timeslot. The maximum number of people per household remains as 6 people for the big pool and 2 for the kiddie pool. *Lap swimmers may want to include a note in their Sign-Up Genius booking so the other household knows what to expect.*
- **Social Distancing & Adult Supervision** - Social distancing rules must be observed in the pool area and on the pool deck. An adult, non-swimmer must monitor adherence to the posted county rules for each household group. We have a lane divider up to split the pool lengthwise. Otherwise, we ask that the two groups at the pool in the same slot work out an equitable division of the pool that fits each groups needs, e.g. if one group wants to swim laps, if another wants to stay in the shallow end.
- **Cleaning** - We are providing two hand sanitizer stations which are attached to the sail shade posts and Clorox wipes in the restrooms. Please remember to wipe down the areas you use when you arrive. Areas shall include: table tops, seating, door knobs, pool railing, etc. Please discard trash and recyclables before you leave and take all your belongings with you.
- ***Honor System*** - All of the above is on the honor system. Please be considerate of your neighbors and stick to the rules. And if that’s not encouragement enough, keep in mind that the Sign-up Genius is visible to everyone so scofflaws will be noticed ;) We are a volunteer organization and don’t have resource to police the rules. But more importantly we are a community, so we hope and trust everyone will continue to use the pool and park areas in good faith.
