

Survey: Map Evansville

Map Evansville: The Tri-State Area's LGBT-Supportive Services Directory.

Thank you for showing interest in participating in Map Evansville.

The survey we are asking you to complete is broad as to encompass many different service providers, organizations, and businesses; hence, some of the questions may not apply to, or be applicable for, your specific organization or business and that is okay! Simply choose not applicable, neither likely or unlikely, or unsure when you feel the questions do not apply to you. Given the questions are broad and will not be applicable to some, we may ask you a few follow-up questions upon completion of the online survey to clarify any information.

Our goal is to offer a quality tool for our community that they will be able to use for many years to come. We reserve the right to remove any listing on the Map Evansville website that contains incorrect information.

I have read the instructions.
