This easy, portable craft allows you to combine embroidery with beautiful woolens to create home décor, clothing, quilts and more. This is an opportunity to try out stitching with wool: you will leave with one almost finished mug rug for yourself or a sheep loving friend. Everything you need is provided but please bring small sharp scissors.

"Paint Pouring Techniques" In this workshop students will see demonstrations and samples of poured acrylics. Acrylic pouring is a painting technique where acrylic paint is mixed with some type of pouring medium and then poured onto a surface in a variety ways. Sometimes colors are poured directly from individual cups, and other times multiple colors are combined into one cup and poured together. They will then create their own unique work of art.

The final piece ~ each student will be creating a 6x6 abstract art piece on Yupo paper with the techniques learned. Tina is a free spirited, self taught artist, designer and educator. Wylde Rayne Studio is the outlet where her creative spirits soar. Her designs have been featured in several national magazines and campaigns.

"Paper Perfect Package" by **Tina Hois**. In this paper crafting workshop, you will take a simple paper box and transform it as part of a perfect gift. In addition, each student will create a coordinating gift card. Learn paper folding, distressing, embellishing and creating fabric flowers techniques.
