

## Cheese Chilitos

I don't know if anyone remembers Zantigo's, but they had an item on their menu called Cheese Chilito that was very good. It took me a long time to figure out what they used for being such a simple recipe. It's a good snack food or party food and only takes a few minutes to make.

## Cheese Chilito's

- 1 can of Castleberry Hot Dog Chili Sauce
- 1 2 cup bag of shredded Colby-Jack cheese
- 1 Bag of flour tortilla.

Warm tortillas so they are soft and pliable. About 30 seconds in an open gallon bag. Spread 1-2 tablespoons of chili sauce on the tortilla. Sprinkle generously with cheese. Roll them up, put on a cookie sheet and bake for 5-7 minutes or until cheese melts at 350 degrees. Serve with salsa or sour cream.
