Best Bet: N	lew Er	igland -2 (-105) at l		, now -2.5				

Bet: New England -2 (-105) at Pinnacie

Our power ratings have this one at NE -3. We think the Patriots will be much improved this year as they return several starters who opted out last year. They add in many key free agents and they drafted very well. We also don't mind fading Miami QB Tua Tagovailoa and Gillette Stadium should be rocking.

this year and that took some extra effort. In 2022, we will be back to having more NFL preseason info.

due to COVID and now the preseason has been cut down from four weeks to three. On top of that, week one preseason spreads got bet into by sharper players in July (three weeks before the games kicked off) and that is way before most of you get involved. Because of these reasons, we decided to put less emphasis on the NFL preseason this year. We also released a complete CFB guide for the first time ever

2015-20 Combined Nationwide Football Newsletter Contest (Regular Season Only)

We are happy to provide you with the records, standings and plays used from the Power Sweep $(3 \star, 4 \star \&$ Underdog), Gold Sheet (Key Releases), Power Plays $(4.5 \star)$, Sports Reporter (Best & Super Bets), Winning Points (Best Bets & Preferred), Playbook $(3-5 \star s)$, Pointwise (Ratings 1-4) and Powers' Picks $(1-4 \star s)$.

Week 1 Computer Projected Lines for Every CFB Game

For the past five seasons we have posted computer projected lines for every game. Games where there was of difference of more than 3 points saw our computer lines actually beat the Vegas line at a 373-302-12 (55%) including and outstanding 71-50 (59%) last year! That's pretty solid and actually better than our own handicapping in some seasons. Keep in mind, these computer lines don't take into consideration off-the-field factors like revenge or flat spots. They are basically a power-rating number difference between the two teams that also takes into consideration the home field advantage.

Of the 9 games where our computer is off more than 3 points compared to the Vegas line (highlighted), our favorite team this week to back would be Washington St -16.5.

The Comp column is the computer projected line and the Diff column is the difference between the Vegas line and 1 the Computer line. "+" numbers in the difference column say back the underdog. "-" numbers in the difference column say back the favorite. Let us know if you have questions.

Week 1 CFB ATS Trends

1. Since 2000, teams that have a game under their belt are only 74-87-2 (46%) ATS vs teams playing their season opener (FBS vs FBS). It is better to have game film on your opponent than actually to have played the game.

Be wary of betting on these teams in Week 1 because the market tends to overreact to teams having already played a game.

Nebraska vs Fordham. Illinois vs UTSA. Hawaii vs Portland St. UCLA vs LSU. UTEP vs Bethune-Cookman. New Mexico St vs San Diego St. Connecticut vs Holy Cross. Fresno St vs Oregon. San Jose St vs USC.

2. Head coach Nick Saban is 14-0 straight up (+28.9 ppg) and 12-2 ATS (+7.7 ppg) in season openers at Alabama. Alabama is a 18.5-point favorite vs Miami, FL.

3. Currently, UTEP is a 9.5-point road favorite at New Mexico St. If that line holds, it will be UTEP's first away favorite role since 2015 and their largest since 2010.

4. Cincinnati is on a 14-0 straight up (+20.4 ppg) and 9-5 ATS (+5.1 ppg) run vs rival Miami, Oh.

5. Wake is a 32.5-point favorite vs Old Dominion. If that line holds, it will be Wake's largest favorite role ever vs an FBS opponent. They are 6-0 SU/3-3 ATS laying 28 or more vs FCS teams.

Betting CFB Openers

Every Sunday in Vegas at 11am PT, Circa Sports is the first book in the world to release CFB lines and we bet them every week. We think it's the best value bets we make all week. Last season was the first season where we tracked every single bet we made and posted them in the weekly newsletters. We were very pleased with our 119-76-3 (61%) record on these Sunday bets with an average line value of 2.6 ppg! Week 1 lines came out in late May for the big games and June 30th for all the FBS vs FBS games. Below is some of what we bet already. As of now we've gotten the best of the line on all 25 bets by an average of 3 ppg.

300) Illinois +11.5 over Nebraskanow +7.
302) UCLA -9 over Hawaiinow -17.

NFL BEST BETS (FLOW WAA IS20C) **18-14-3 56% Last 6 Years** 1. Baltimore Ravens OVER 10.5 Wins (-125 at Circa Sports, Now 11)

We project the Ravens to win 12 games this year so this number gives us plenty of wiggle room. Per the Westgate lines (see Page 3 May issue), Baltimore is favored in 15 of their 17 games this season including 12 by more than a FG. They'll have to get upset 4-5 times minimum for us to lose this one. The Ravens take care of business going 24-6 straight up the last 2 years as a favorite. Also, the Ravens have 9 home games

2. Cincinnati Bengals UNDER 6.5 Wins (-110 at Stations)

Our numbers are only calling for 5.5 wins for the Bengals this year. Per the Westgate lines (see Page 3 May issue), Cincinnati is favored in only 2 of their 17 arms 17 games this season. They have 10 games listed as an underdog of more than a FG. They'll have to win a bunch of close games this year to beat us. That's something they haven't been able to do as of late as they are on a 1-15-1 run in games decided by a 7 points or less. That's not bad luck, that's bad coaching. **3. Jacksonville UNDER 6.5 Wins [-110 at Westgate]**

The Jags won just one game last year. This is expecting too much in our opinion. We respect Urban Meyer as a head coach, but obviously this is his first time at the NFL level and a lot of great CFB head coaches have failed in the pros. QB Trevor Lawrence will be very good in time, but there will also be a learning curve for him. Per the Westgate lines (see Page 3 May issue), the Jags are fa-vored in only 2 games. We don't see how Jacksonville wins more than 6. **4. Detroit Lions UNDER 5 Wins (-110 at Draft Kings, now 4.5)**

Our projections are only calling for 4 wins for the Lions this year. Per the Westgate lines (see Page 3 May issue), Detroit is an underdog in 16 of their 17 games (one game pick) and the Lions are a sizable underdog of more than 5 points in 12 games. Where do the wins come from? Especially considering Detroit plays 9 road games this season and as of now our 2nd toughest schedule. 5. Minnesota Vikings OVER 8.5 Wins (-150 at Circa, Now 9)

We think the Vikings will be much improved this season. Our projections are calling for 9.5 wins. Even with Aaron Rodgers playing for Green Bay this seacalling for 9.5 wins. Even with Aaron Rodgers p son, we liked this bet and it has since we released **6 More Season Win Total Leans:** 1. Kansas City OVER 12 Wins (-130 at Stations) 2. Tampa Bay OVER 11.5 Wins (-125 at DK, Now 12) 3. Buffalo OVER 11 wins (+110 at South Point) 4. Carolina UNDER 7.5 wins (-120 at West Gate) 5. N.Y. Jets UNDER 6.5 Wins (-140 at WG, now 6) 6. N.Y. Giants UNDER 7.5 Wins (-110 at Westgate)
