SUMMER READING PROGRAM WRAP-UP

Over the five week program, the Summer Reading Program participants read over 3,000 books. As the summer reading program came to an end, the yellow team pulled ahead and took the overall win.

This year's program focused on healthy eating and exercise. Weekly activities consisted of miniature golf, paper airplane games, healthy snacks, story telling and an exercise class provided by Scheurer Hospital.

Readers seemed to have enjoyed the changes to the program this year. The excitement of getting to pick up to five prizes during the program always kept readers on their toes.

The End of the Year Party celebrated the accomplishment of the readers and had many drawings for the larger prizes. Prizes were donated from local businesses throughout the program.

UPCOMING BOOKS FOR THE YOUNGER CROWD

Court of Fives

by Kate Elliott

Jessamy's life is a balance between acting like an upper-class Patron and dreaming of the freedom of the Commoners. But away from her family, she can be whomever she wants when she sneaks out to train for the Fives, an intricate, multilevel athletic competition that offers a chance for glory to

the kingdom's best competitors. Then Jes meets Kalliarkos, and an improbable friendship between the two Fives competitors—one of mixed race and the other a Patron boy—causes heads to turn. When Kal's powerful, scheming uncle tears Jes's family apart, she'll have to test her new friend's loyalty and risk the vengeance of a royal clan to save her mother

and sisters from certain death. In this imaginative escape into an enthralling new world, World Fantasy Award finalist Kate Elliott's first young adult novel weaves an epic story of a girl struggling to do what she loves in a society suffocated by rules of class and privilege.

NON-FICTION ADDITIONS

American Heiress

by Jeffrey Toobin

On February 4, 1974, Patty Hearst, a sophomore in college and heiress to the Hearst family fortune, was kidnapped by a ragtag group of self-styled revolutionaries calling itself the Symbionese Liberation Army. The already sensational story took the first of many incredible twists on April 3, when the group

released a tape of Patty saying she had joined the SLA and had adopted the nom de guerre Tania. The weird turns of the tale are truly astonishing the Hearst family trying to secure Patty's release by feeding all the people of Oakland and San Francisco for free; the bank security cameras capturing Tania wielding a machine gun during a robbery; a cast of characters including everyone from Bill Walton to the Black Panthers

to Ronald Reagan to F. Lee Bailey; the largest police shoot-out in American history; the first breaking news event to be broadcast live on television stations across the country; Patty's year on the lam, running from authorities; and her circuslike trial, filled with theatrical courtroom confrontations and a dramatic last-minute reversal, after which the term Stockholm syndrome entered the lexicon.

ADULT FICTION UPCOMING ARRIVALS

Family Tree
by Susan Wiggs
For readers of Kristin Hannah and Jodi Picoult comes a powerful, emotionally complex story of love, loss, the pain of the past—and the promise of the future. Sometimes the greatest dream starts with the smallest element. A single cell, joining with another. And then dividing. And just like that, the world changes. Annie Harlow knows how lucky she is. The producer of a popular television cooking show, she loves her handsome

husband and the beautiful Manhattan home they share. And now, she's pregnant with their first child. But in an instant, her life is shattered. And when Annie awakes from a year-long coma, she discovers that time isn't the only thing she's lost. Grieving and wounded, Annie retreats to her old family home in Switchback, Vermont, a maple farm generations old. There, surrounded by her free-spirited brother, their divorced mother, and four young nieces and nephews, Annie slowly emerges into a world she left behind years ago: the town where she grew up, the people

she knew before, the high-school boyfriend turned ex-cop. And with the discovery of a cookbook her grandmother wrote in the distant past, Annie unearths an age-old mystery that might prove the salvation of the family farm. Family Tree is the story of one woman's triumph over betrayal, and how she eventually comes to terms with her past. It is the story of joys unrealized and opportunities regained. Complex, clear-eyed and big-hearted, funny, sad, and wise, it is a novel to cherish and to remember.

The One Man
by Andrew Gross

1944. Physics professor Alfred Mendl is separated from his family and sent to the men's camp, where all of his belongings are tossed on a roaring fire. His books, his papers, his life's work. The Nazis have no idea what they have just destroyed. And without that physical record, Alfred is one of only two people in the world

with his particular knowledge. Knowledge that could start a war, or end it. Nathan Blum works behind a desk at an intelligence office in Washington, DC, but he longs to contribute to the war effort in a more meaningful way, and he has a particular skill set the U.S. suddenly needs. Nathan is fluent in German and Polish, he is Semitic looking, and he proved his scrappiness at a young age when he escaped from the Polish ghetto. Now,

the government wants him to take on the most dangerous assignment of his life: Nathan must sneak into Auschwitz, on a mission to find and escape with one man. *The One Man*, a historical thriller from *New York Times* bestseller Andrew Gross, is a deeply affecting, “unputdownable” series of twists and turns through a landscape at times horrifyingly familiar but still completely compelling.
