

#CountdownToYourFuture

Currently, communities' chance to respond to the 2020 Census ends on September 30, 2020. While ongoing litigation and advocacy may result in an adjusted timeline we know that RIGHT NOW WE HAVE LESS THAN 2 WEEKS TO COUNTDOWN TO OUR FUTURE.

During the remaining days of the census, we want to use our networks and challenge ourselves and our community to make sure we've all filled out the census. Starting September 21 and running through September 30, participate in the census challenge together.

Here is how you can participate:

1. Post on Twitter and Instagram and let us know:
 - a. If you've filled out the census, tell us why.
 - b. If you haven't yet, fill it out TODAY and tell people why
2. Tag 5 of your followers you **don't** know well--to nominate them to participate in the census challenge. That's how we'll expand our networks to reach people that may have missed previous days of actions so they can tell their own friends and family!
3. Make sure to include the website where you can fill out your census: 2020Census.gov
4. We'll send out a graphic that explains how to nominate people. Attach it to your tweet so the people you tag can join in on the fun!

Hashtag: #CountdownToYourFuture

Who to tag:

5 of your followers who you **don't know** well!

Twitter: @censuscounts

Instagram: @civilrightsorg
