**STATUTE OF DESCENT AND DISTRIBUTION
R. C. 2105.06**

S. S. = SURVIVING SPOUSE
G. P. = GRANDPARENTS

SURVIVING SPOUSE

NO SURVIVING SPOUSE

NOTES

1. Brothers and sisters include both whole and half blood (R.C. 2105.06).
2. If none of the children of an intestate have died leaving children or their lineal descendants, the estate shall descend to the children of the intestate, living at the time of his death, in equal proportions (R.C. 2105.11).
3. When all the descendants of an intestate, in a direct line of descent, are on an equal degree of consanguinity to the intestate, the estate shall pass to such persons in equal parts, however remote from the intestate such equal and common degree of consanguinity may be (R.C. 2105.12).
4. If some of the children of an intestate are living and others are dead, the estate shall descend to the children who are living and to the lineal descendants of such children as are dead, so that each child who is living will inherit the share to which he would have been entitled if all the children of the intestate were living, and the lineal descendants of the deceased child will inherit equal parts of that portion of the estate to which such deceased child would be entitled if he were living. This rule applies in all cases in which descendants of the intestate, not more remote than lineal descendants of grandparents, entitled to share in the estate are of unequal degree of consanguinity to the intestate, so that those who are of the nearest degree of consanguinity will take the share to which they would have been entitled had all the descendants in the same degree of consanguinity with them who died leaving issue, been living (R.C. 2105.13).
5. Descendants of an intestate begotten before his death, but born thereafter, in all cases will inherit, as if born in the lifetime of the intestate and surviving him (R.C. 2105.14).
