

WELCOME TO YOUR NEW APARTMENT

Welcome to your new apartment, owned and managed by 69-70 ASSOCIATES LLC. Your apartment should be in order and ready for occupancy. We are pleased that you have chosen our property as your new home. Please take the time to review this Welcome Package. The following pages contain handy hints and helpful information including address and phone numbers of your utility companies. Please take time to review the following frequently asked questions. Please keep this information sheet for your reference.

How do I handle repairs that may be needed?

First, you must notify your superintendent of any repairs needed, no matter how minor they may seem. Such notification may be done in verbal or written form. If you do not get a response from the maintenance office you may contact the management office. Make sure that all repairs are reported in a timely manner. Remember that an ignored repair may become a large project, therefore subjecting you and the Landlord to a large inconvenience. You will find management and other emergency contact numbers enclosed in this package.

What if my rent is late?

Your rent is due and expected on the rent due date (the 1st of each month) specified in your Lease agreement. Payment not received on time may be subject to late fees or other charges. It is important that rent payments are paid promptly. Remember that chronic late payments may result in legal measures that may lead to your eviction.

What do I do if I lose my key?

The management will provide tenants with two keys to each exterior door lock on the premises at no cost. Additional keys are available for a small fee. This includes any and all mailbox keys. It is important that you take care of your entrance keys. If you get locked out of your apartment; please contact management so that we can provide you access to your apartment.

Can I install my own washing machine?

No, the building plumbing does not support washing machines in individual units.

Why is it important to have Renter's Insurance?

Under most circumstances the Landlord is not responsible for your personal property. It is important to have renter's insurance to cover your belongings in the event of unforeseen disaster. This type of insurance is inexpensive and well worth it.

What if I am having a problem or concern with a neighbor?

It is important to try to get along with your neighbors. If you have a problem or concern with a neighbor, it is usually best to try to resolve the problem among yourselves. Refrain from using foul language or engaging in verbal arguments. Of course, if you are unable to resolve the problem, feel free to contact the management office. Complaints must be made in written form.

Can I make any changes or improvements to the Leased Premises, such as painting?

Before making any changes we ask that you check with your management office first. Structural alterations such as partitions or any built in cabinetry or furniture are not permitted under any circumstances.

- It is important to keep the leased premises in a clean sanitary and safe condition.
- Please make sure that trash is disposed correctly to avoid any pest control problems.
- Make sure to check the batteries in the smoke detectors, periodically, to ensure the safety of your family.
- Tenants are responsible for replacing their own fuses, therefore, please keep spare of fuses handy.
- Be considerate of your neighbors.

Notice to Customers Making Payment by Check

If you pay your rent by check and your check is dishonored by the bank on which the check was drawn for any reason, you will be responsible to pay the Landlord a Insufficient Fund fee of **\$25.00**. This fee is an additional charge and may be the subject of a non-payment summary proceeding. *If two or more checks are dishonored by the bank, the Landlord will not accept any future personal checks.*

PROTECTING YOUR HOME

We encourage all of our tenants to obtain *renters insurance*. For a small fee per month, depending on coverage, you can protect your home and valuables. You also may be able to protect yourself from any possible fees charged to you for any damage done to the apartment and/or building.

THINK GREEN SAVE ENERGY IN YOUR APARTMENT

Here are some tips on how to keep your apartment warm and save energy.

1. We are pleased to inform you that we are providing you with energy efficient light fixtures that use compact fluorescent light bulbs. These bulbs will last significantly longer and will save you money on your electric bill. Replace incandescent light bulbs with compact fluorescent bulbs. They use 75% less energy.
 2. Remove window air conditioners for the winter and close the window. If the air conditioner cannot be removed weatherize with a properly fitting air conditioning cover.
 3. Open window coverings in the daytime to let the sun heat your home and close them at sundown to insulate.
 4. Lock your windows so they will seal better.
 5. Keep doors and windows closed to keep the heat inside.
 6. Use as much natural light as possible
