**Transfer Instructions**

- Contact your investment firm for advice.
- Any long-term appreciated securities with unrealized gains (meaning they were purchased over a year ago, and have a current value greater than their original cost) may be donated to a public charity and a tax deduction taken for the *full fair market value of the securities* — up to 30% of the donor's adjusted gross income.
- Since the securities are donated rather than sold, *capital gains taxes from selling the securities no longer apply*. The more appreciation the securities have, the greater the tax savings will be.
