COOL KID FACTS: The turkey is one of the most famous birds in North America. In fact, Benjamin Franklin wanted to make the wild turkey, not the Bald Eagle, the national bird of the United States! Wild turkeys are the largest game birds found in this part of the world. 46 MILLION turkeys are eaten each Thanksgiving, 22 MILLION on Christmas and 19 MILLION turkeys on Easter--- **that is a total of 87,000,000 turkeys!** WOAHA! In 2011, 736,000,000 pounds of turkey were eaten in the United States. The heaviest turkey ever raised was 86 pounds... man that is huge!

JOKE OF THE MONTH: *Why don't you put the turkey near the corn?*
Answer: Because it will gobble, gobble, GOBBLE it up!
