#### **Juror: Mia Kaplan**

Mia Kaplan is a painter and sculptor from Southeast Louisiana. She grew up in Slidell then earned a degree in Drawing and Printmaking from Memphis College of Art. Ms. Kaplan has had her work included in many publications and exhibits nationally in galleries, museums, and public places. Her work is driven by an interest in transformational qualities and patterns found in nature as told through her personal process of documenting life in the marshes and swamps of her hometown, and through sculptural abstraction of natural borders, landscapes, wildflowers, and refuges. As an artist, wife, and mother she says her life remains dedicated to creating an understanding and to sharing insights about the creative process with young artists so that they might also feel empowered by their own creativity. By partnering with Northlake Nature Center, students and Kaplan discuss what

it means to create a drawing, where to begin and learn a variety of techniques in observational drawing, paper making and collage.
