

Information for Gingerbread School Families

Gingerbread's number one priority is, and has always been, upholding our commitment to maintain a safe, and healthy School environment for your children. We understand and share the continued concern about COVID-19. We want to provide you the information you need to make the best decisions for yourself and your loved ones.

We are grateful for your continued trust and confidence. We will get through this situation by working together and remaining focused on doing the right things.

School Operations

Gingerbread Schools continue to follow the guidance and directives from the state and health department. Many of the children enrolled in our Schools have family members playing essential roles in this crisis, including parents who work as nurses, doctors, grocery store clerks and more. All of our Schools serve parents who work to support their families.

How we are keeping you safe

Nothing is more important to us than the health and safety of our children, families and faculty. We will continue to work hard to help keep our School as clean and germ-free as possible.
