Making Our Roads Safer!

## DIVERGING DIAMOND CASE STUDY

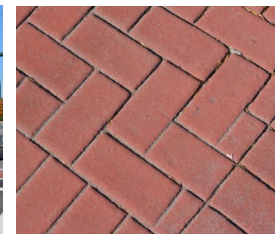

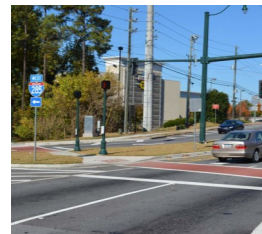

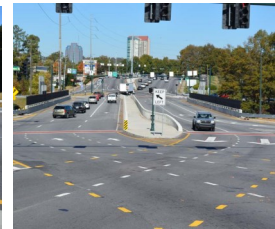

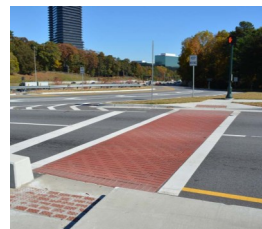

*Our company is dedicated to providing the latest technologies to help increase pedestrian safety in our downtowns, neighborhoods and school zones.*

- ◆ This intersection was developed by the Perimeter CID
- ◆ First one of its kind in GA
- ◆ Now includes an area for pedestrians to walk across the bridge
- ◆ Our crosswalks provide a visible difference when crossing the street, increase safety of those driving and walking
- ◆ This interchange has an estimated 55,000 vehicles passing through daily and our product continues to meet the demand.

**Ashford  
Dunwoody Rd  
@ I-285**

**Atlanta, GA**
