- 6. You will receive an email confirmation that the reservation has been submitted for approval. At this point, you must complete and submit the <u>Pavilion Reservation</u> form to the manager who will finalize your reservation. Once the reservation has been approved, payment will be processed.
- 7. If you need to cancel or revise your reservation, please follow the link in your confirmation email.
- 8. If you have any issues, please speak with a manager or email <u>hfscpavilions@gmail.com</u>.

## **Reserving Both Pavilions:**

- If you wish to reserve both pavilions for the same time period, ensure the time is available for each pavilion (Steps 1-4 above). You can then reserve each pavilion in a separate transaction.
- 2. When submitting your reservation form, if you wish to reserve both pavilions, please indicate that both pavilions were reserved. You should receive two separate email confirmations of the pending reservation and two separate email confirmations when the reservations are accepted.

## **Cancelling a Reservation**

You can cancel your reservation from the link in the Confirmation email you received if your reservation is more than 72 hours from time of cancellation. Or you can talk to a manager and they can cancel your reservation. Refunds will be issued if cancellations are no less than 72 hours the start time for your reservation OR the pool closes due to weather or some unforeseen issue.
