Math Problem Solving in Minutes

Highlights of Math Minutes Pro:

- ✓ Watch on-demand, math videos on YouTube
- ✓ Math videos sorted by Tags (e.g., graphs, fractions, exponents, quadratics, etc.)
- ✓ Access to tiered-level features (e.g., study tips, test prep, livestream)
- ✓ Discussion of conceptual math topics for building math literacy
- ✓ For home study, classroom learning, after-school / out-of-school-time programs, STEM learning
- ✓ Great test prep aid for SAT/ACT, and math sections of the GED, GRE, CBEST, SSAT/ISEE/HSPT

Math is the Foundation of STEM Education

- Parent: Does your child struggle with math?
- Adult Learner: Do you need a quick refresher on a math topic(s)?
- Program Director: Would you like to add a math learning supplemental resource to your afterschool or Out-of-School Time program?
- Teacher/Professor: Do your math students need access to on-demand, math teaching videos?

Math Minutes Pro is an online learning platform that leverages YouTube to offer FREE, on-demand math teaching videos for middle/high school and adult math learners. Math Minutes Pro provides high-quality, bite-sized videos that explain core math topics to help develop problem-solving and math literacy skills.

If an individual user, consider becoming a "paying Patron" of Math Minutes Pro at one of the four tiered levels (Bronze, Silver, Gold, and Platinum). Each tier provides added benefits of being a Patron in the form of "exclusive" Patron-Only math education videos. As a Patron, know that you have become an integral part of what makes my math video content creation possible. Whether you're pledging \$1 or \$50 per month, your support is greatly appreciated.

Math Minutes Pro is a great supplement to STEM programs, home study systems, and personalized, blended, and flipped classroom learning models.
