## Aurora Regional Pathways to Prosperity

## P-20 Sequence

Work-based learning is an instructional strategy that is a key component of preparing students for success in post-secondary education and careers. All work-based learning experiences involve interaction with industry and community professionals. Regional employers work and collaborate with middle schools, high schools, and post-secondary institutions to launch pathways programs in information technology, health sciences, and advanced manufacturing.

Grades P-5: Elementary School	Grades 6-8: Middle School	Grades 9-10: Early High School
