Four Kiwanis International Committees

At Key Leader, I met a shy student who had just changed schools because of being bullied. He made some friends, absorbed the Key Leader principles, and asked how to start a Key Club. At Key Club convention, he was elected Lt. Governor and told me that Key Leader changed his life. #KidsNeedKiwanis!

Message From Barb:

I am seeking the office of Kiwanis International Vice President because I am committed to and passionate about our purpose of improving the world one child and one community at a time. The Kiwanis mission of "Serving the children of the world" is the same mission as my life's work in education.

My experience as teacher and administrator and my Kiwanis experience have prepared me for this position. I have listened to, worked with, and learned from club members throughout the Kiwanis International world. I have learned club opening and club strengthening strategies.

I will focus on increasing and diversifying membership internationally. It is the key to our ability to serve the children and communities that need us, as well as to financial stability and a strong future in which we continue to improve the world. I will continue to listen and strive to improve communication. I will work side by side with Kiwanis members to engage and motivate fellow Kiwanians in the important work of growth. We will provide organization, training, and support in the field and in the clubs. I understand the work and the rewards of opening clubs, enabling us to strengthen our Service Leadership Programs and to serve more children, starting at birth.

"I also understand the risks of not growing. Now, more than ever, #KidsNeedKiwanis!"

Barb Thompson
