HOW WE DO IT:

We understand the issues our clients face in finding candidates who possess the necessary skills and who will fit into the culture of their organization. That's why we take a hands-on approach with your organization, learning about and understanding your technical and cultural environment.

We pride ourselves on providing a personal touch to each and every person we work with. Whether you are a client or a contractor, public or private sector, we guarantee that you will receive effective solutions, customized plans, and successful experiences!

PAST PERFORMANCE:

The DESA Group 'TDG' provided temporary labor and skilled tradesmen on the USC – Rutledge LeGare Pinckney Dormitory Renovation from May 2015 – August 2016. TDG provided quality skilled tradesmen to help meet our schedule. They were punctual and worked well.

Ms. Fleshman and her entire staff provided services with a high degree of professionalism, and were a pleasure to work with during the entire construction process. I highly recommend them!

“The DESA Group provided Carpentry and Labor skilled workers for the USC Law School project. The workers they provided turned out to be solid contributors on the project and we have heard only good feedback from our field staff regarding their performance and positive attitude. Your efforts, your professionalism and last, but certainly not least, your responsiveness to our calls and requests, were superb!”

Placing great emphasis on its human resources services, TDG offers an auditable accounting system, knowledge of the Service Contract Act (SCA) and the Davis-Bacon Act (DBA) wage determinations. As many entrepreneurs and small businesses do not have the capacity to hire and maintain a fully staffed Human Resources Department, the DESA Group has the expertise to offer the full range of services for such companies.
