

I pledge to Stand Beside Her...

- I will be supportive all girls: in my classes, in my community, and in every area of my life.
- I will celebrate the unique attributes, abilities, and accomplishments of myself and others.
- I will not compare myself to other girls or view them as competition.
- I will not use negative words that tear other girls down. I will treat others the way I want to be treated.
- I will be a champion for girls by taking action with causes that affect women and girls.

By joining the movement, I am joining a community committed to creating a world where all women and girls are appreciated for their gifts, their strengths, and their uniqueness.
