

FORTRESSES OF THE MARTIAN GODS

PATTERNS OF THE PYRAMIDS

The purpose of this study is to illustrate that the Giza Pyramid complex of Egypt on Earth not only incorporates the Belt of Orion star constellation corresponding to the 3 main pyramids but that the pyramid complex also has an encrypted pattern of the Pleiades in similar parallel proportion. This assertion and clue is taken from the Pleiadian pattern that is found on Mar's Pyramid City of Cydonia. The key to linking both pyramid complexes is the pentagon that is at the core of each complex. There is a 1 for 1 match in orientation. Amazing this Pleiades pattern on Mars also approximates the angles and proportion on Earth. The illustration will show the 2 pyramid cities and the corresponding ley-lines for a visual match. Not surprisingly the Giza Pyramid complex just outside Cairo that is corresponding to the Cydonia, Mars pyramid complex has the root word with connotations to Mars. It is understood that at the time of the founding of the city of Cairo, the rising of Mars was taking place.

As noted, this geometric pentagram is also configured exactly in the core of the Pyramid City in Cydonia, Mars. The various pyramid structures of Cydonia match the 7 stars of the Pleiades and correspond to the various ley-lines, corners of the Pyramids of Giza and the Sphinx among other land markers in the pyramid complex. When the Great Pyramid outline of Giza is superimposed onto the Cydonia, Mars pyramid complex, there is a 1 for 1 match that is astonishing. Evidently the builders of the Pyramids of Giza and Egypt had the same knowledge of surveying ley-lines not only on Earth but those in Cydonia, Mars as well. Where they one in the same peoples perhaps? Who are the builders of these pyramids in Mars and even in other satellites such as the Moon as some purpose to exist by the picture evidence brought back by some astronauts and by satellite pictures taken of the surface? Also several pictures captured by the Rovers in Mars have taken pictures of apparent pyramids that seem undeniable.

Some unique observations about the mutual correspondence involving the Pleiades star cluster and Orion constellation are as follows. The approximate matching of the 2 pyramid complexes occurs as the Giza composition is inverted horizontally and flipped at a 90 degree angle. Normally the Great Pyramid is aligned to true north. This is exactly how the Pyramid City of Cydonia, Mars is also aligned to true north on Mars. Subsequently the composition of the Giza Pyramids involves an amazing array of mathematics, sacred Gematria and esoteric composition. Unapparent to the casual observer, the ley-lines of the complex are pegged to form a pentagram at the core of the 3 pyramids when matched from the various corners of the Pyramids and with the Sphinx. At each node or land mark of this geometric pentagon, there are key buildings. The most prominent one is the Sphinx that is next to the Osireion, which is the Temple dedicated to Osiris but in actuality it is a veiled Orion. The building blocks are of the same composition, design and arrangements of those found in the most ancient of places in other parts of the world like in the ruins in Peru and Baalbek.

It could have been the case that with the assistance of such highly and spiritually intelligent beings some forbidden knowledge was conveyed and taught to mankind as Enoch attests to was occurring. It could also be the case that at some point in time, either during the pre-Flood stages on Earth or before Genesis 1:1, there were stations of Angelic Sentinels commissioned throughout the universe.

Some believe that the peoples that lived in the pre-Flood world of Noah had a great capacity for such knowledge, technology, and space travel and perhaps even had colonized parts of the Moon, Mars and beyond. Also according to the Bible and the book of Enoch for example, the Fallen Angels were very active in geo-engineering and altering the human DNA along with other species.

Others speculate that this ancient lost technology was of the Atlantean type whose continent sank in a cataclysm that could have been caused by the Flood of Noah or a far early galactic war perhaps. It was from that time forth that humanity had to relearn everything anew, yet only the few elite priestly class hoarded such secrets, as it is the case now with the so called secret societies that are said to hold these lost secrets of the Universe.

Perhaps those that were in the proximity of Earth are the ones that forsook their estate and came down during the days of Enoch at Mt. Hermon. This also goes along the Biblical narrative that there has been war in the Heavens due to Lucifer's rebellion and perhaps the wreckage of planets as seen by the evidence of surface bombardments across the Solar System speaks of this Luciferian Angelic War that scared the planet Mars for example. Since the Flood, these same Fallen Angel entities have been waiting for Humanity to catch up to the technology so they can pick up where they left off sort of speak. It has only been in the last few decades that the technological sophistication now exist to do what was done as in the Days of Noah.
