BUILDING UPDATE

We hope this find all well. We are almost ready to open in 2021 and begin our new memories. It has been a long time but we will make it. Please stay safe and strong.

The toilets, urinals, stalls and dividers are all installed in the bathrooms. The countertops should be in soon. Once they are installed the plumbers can finish the plumbing. The trustees are almost finished with the special bar top on the overflow bar. Water and rodent damage has been repaired in the storage building. The kitchen floor has been ground flat and it waiting finishing. Still no kitchen equipment from the equipment supplier.

In order to open, we still need the front roof repaired, the last bits of bathroom completed, a deep cleaning, and inspections and buyoff from the City of Puyallup and Health department. Any opening will be Coved 19 dependent.
