

DONER GYRO MACHINES

WORKTOP UNITS

- 17 different models are available to match your needs as close as possible.
- Gas and electric versions with or without engine and robax glass.
- Completely made of AISI 304 18/8 stainless steel.
- 1 Rpm high performance heat insulated motor.
- Fused socket outlet for electrical knife.
- Meat turning direction selector switch ensures easiness for left or right hand cut.
- Machines are designed to ensure inclined cut of the meat.
- All machines delivered with 1 skewer, 1 shovel, 1 fat tray and 2 fixing pins.
- Each doner machine has the large fat tray to collect much fat and prevent dripping of sliced meat. Each tray has a perforated plate in order to hide the fat.
- Each heater can be replaced separately.
