CLASS DESCRIPTIONS & REQUIREMENTS:

Toddler & Me (Age 1 ½ -3 with Adult): This is the perfect introduction to movement and dance for your child. In this class, you and your child will learn to love dance together. Students and adults should wear comfortable clothes and bare feet or ballet shoes. This class has open enrollment throughout the school year. This class does not participate in the recital.

Creative Movement (Ages 3-4) Is a Pre-Ballet and Modern dance program that offers a new experience for the young child in learning body awareness, self-assurance, self-esteem, coordination, flexibility, and more! Pre-Ballet technique, skipping, leaping and movement concepts like: fast/slow, high/ low, etc. and fun class themes like: “Beach Day” or “Seasons” that tie the classes together. This class does not participate in the recital. There are 2 informal “performances” for friends and family at the dance school. Usually in December and May. This class has open enrollment throughout the school year. Students can wear bare feet or ballet shoes.

Fantasy Dance Camp (Age 5-8): This is a single day camp. See schedule for dates and themes. Class includes dance choreography, a story and a craft that they will dance with and can take home. Boys and girls welcome—activities for both. Each camp is different. No previous experience necessary. Students can wear bare feet or ballet shoes.

Pre-Ballet & Tap (Ages 4-6): 30 minutes of tap and 30 minutes of ballet

Pre-Ballet, Tap & Jazz (Age 7): 30 minutes of tap, 30 minutes of ballet & 30 minutes of jazz

Ballet (Ages 8 & Up): is a highly technical form of dance with its own vocabulary based on French terminology. It has been globally influential and has defined the foundational techniques used in many other dance genres and cultures.

Tap (Ages 8 & Up): is a type of dance characterized by using the sounds of tap shoes striking the floor as a form of percussion. The sound is made by shoes that have a metal "tap" on the heel and toe.

Jazz (Ages 8 & Up) is a performance dance technique and style that emerged in the early twentieth century. Jazz dance may refer to vernacular jazz or Broadway or theatrical jazz that emerged with jazz music.

Belly Dance (Ages 14 & Up) Learn muscle control and fluidity while toning the core, encouraging good posture, improving flexibility, and gaining body confidence. In this class you will learn the basic movements and isolations as well as the posture and styling of belly dance. Have fun and discover muscles you never knew you had! No previous dance experience necessary. We will begin each class with a comprehensive warm up, review and develop belly dance technique, work on travelling movements and brief sequences of choreography.

Contemporary (Ages 13 & Up) Contemporary dance is a style of expressive dance that combines elements of several dance genres including modern, jazz, lyrical and classical ballet. Contemporary dancers strive to connect the mind and the body through fluid dance movements.

Hip Hop (Ages 6 & Up) refers to street dance styles primarily performed to hip-hop music or that have evolved as part of hip-hop culture. It includes a wide range of hip hop styles.

Lyrical (Ages 11 & Up) Lyrical is a fluid and graceful style of jazz that incorporates ballet and modern techniques.

Modern (Ages 13 & Up) Modern dance is often considered to have emerged as a rejection of, or rebellion against, classical ballet. Modern dance pioneers disregarded ballet's strict movement vocabulary, the particular, limited set of movements that were considered proper to ballet, in the search for greater freedom of movement.

Pointe (Ages 13 & Up) Pointe technique is the part of classical ballet technique that concerns *pointe work*, in which a ballet dancer supports all body weight on the tips of fully extended feet within pointe shoes. Pointe work is performed while wearing pointe shoes, which employ structural reinforcing to distribute the dancer's weight load throughout the foot, thus reducing the load on the toes enough to enable the dancer to support all body weight on fully vertical feet.

Pointe Requirements:

Students ages 13 and up who are interested in taking Pointe classes for the following dance season should:

- Have progressed to the Intermediate level of Ballet.
- Understand that you must take a Ballet class plus the additional Pointe class. Both classes cannot be scheduled on the same day.
- Attend all classes with a serious attitude.

Pointe dancing is not for everybody. Sometimes your physical anatomy will prevent you from going on pointe. It is imperative that pointe students make a serious commitment and have a positive mental attitude, which allows them to take constructive criticism. The student should also be responsible for demonstrating these corrections consistently throughout her training.

Production Program: The FDA Production Program is designed for serious dance students ages 9 and up, with good attendance, great attitudes and a strong desire to learn. These classes challenge the more serious student, and concentrate on the execution, perfection and precision of dance technique advancement. These classes participate in local dance competitions. Students should have completed at least one year of a one-hour ballet class and have tap and jazz experience to begin this program.

Senior Class (Graduating Class of 2020): This class is for our graduating Senior students who have been dancing with us for several years. To take this class you must also take at least one technique class in: ballet, jazz, lyrical or modern. Class will learn: a Senior class dance and a Partnering dance for the recital. These Seniors should submit a Senior Biography and Senior Photo for the Recital Program, and a baby photo and senior photo for the recital slide show by May 1, 2020.
