

## Meet Sofi

Sofi is a frosty face, approximately 10 year old, red smooth coat doxie. She is sweet and loves being petted and lying next to you. She is good with other dogs, cats, and kids. She is house trained and dog door trained, as well as, leash trained and kennel trained (although I have not had her in a kennel). She is playful, sweet, and good w/ everyone. I have also found she is a good guard dog to let you know someone has come in the door.

This sweet girl is looking for a Fur-EVER family to love and care for her.
