## 1982 Card Set

The top section of players listed for each team are those players who played the most at each position of any other players on the team. These players are listed in a suggested batting lineup order.

The next section of names on each team are the starting pitchers listed by batters faced (descending order).

The next section are relievers. Usually the "closer" is listed first and then other relievers by batters faced (descending order).

The next section may or may not exist depending on if the team has several pitchers. This section is in alphabetical order and the pitchers are labeled (S)tarter, (R)eliever or (B)oth.

The last section of player names is made up of position players. It is also in alphabetical order.

At times you may notice that the same player is included with more than one team. Each player is carded for each team played for during the season. And, the player is rated based, of course, on the stats accumulated while playing for the team for which the card is created only.

### Special Base Stealing

This set includes these players with Special Base Stealing instructions.

#### Jose Moreno (Cal - Junior Circuit)

11 - 64 Out  
65 - 66 Safe

#### Eddie Miller (Det - Junior Circuit)

11 - 64 Out  
65 - 66 Safe

#### Rafael Belliard (Pit - Senior Circuit)

11 - 12 Out  
13 - 66 Safe

### Special Base Stealing Instructions

For the above player(s) ONLY, the manager must call all the base stealing attempts. Roll the dice and using the player card under the line "Special Base Stealing", determine whether the runner is safe or out. Use the same chances when attempting to steal second OR third.

The attempted steal of home is NOT allowed using this method.

If the runner is out and the attempt was at second, use the usual out scoring: If a right-handed batter (RHB), the caught stealing is scored **A-C PO-2B**; otherwise **A-C PO-SS**. If the caught stealing is at third, of course, the scoring would be **A-C PO-3B**.
