

Good afternoon all

My name is Lisa McCauley and I work for RoadSafe, our company provides the traffic control for Norfolk Southern Railway. There are two NS rail gangs scheduled to be in Dorchester and Charleston/Berkley County the first week of January to perform repair/maintenance work to several crossings. Prior to the rail gangs, two prep crews with NS will work through these same crossings, that work is tentatively scheduled to begin next week. The roads on their schedule are listed below along with railroad mileposts to indicate how close/far each crossing is to the next. Roads will need to be closed and all traffic detoured while the work is going on.

Gang One – estimated start date 1/2/18

MP	CROSSING ID NUMBER	ROAD NAME
19.32	721454P	VONOSHEN
19.80	721455W	PRIVATE
20.14	721456D	DUNMEYER

57.10 720820K	PRIVATE
58.70 720821S	PRIVATE

Our technicians will contact the school transportation department and emergency services to advise of closure locations for each day.

Please contact me with any questions, if traffic control plans are needed, or if any other department/agency should be contacted.

Thank you
