FAIRGROUNDS

In regards to the size of RV's that are being made today, we are requesting that the slide outs be limited to ONE side of the slide out being used. Most of the RV sites were set up for RV's that did not have slide outs. We are offering an area of RV parking with Electric and Water only at the site, with availability of a “dump facility” upon leaving. These sites can be used by RV's with multiple slide outs or larger style RV's, in a “First Come, First Served” basis, and MUST be indicated during the registration/reservation process.
