

MEET *frill*

AN ALL-NEW FROZEN DESSERT

Frill is a new kind of dessert. It tastes rich and smooth like ice cream and it is delicious. But unlike ice cream or frozen yogurt, it doesn't have any dairy in it. And unlike sorbet, Frill only contains natural sugar from fruits. That's only half the amount in a regular ice cream. So Frill is good for everyone, including those people who have dietary constraints like vegans.
