

The midweek went out early this week in order to serve as a reminder for events on Tuesday and Wednesday. However, other items have come to our attention that need to be passed on to you...thus...

Midweek #2~ February 11, 2016

From Nichole Tilley:

I have a big favor to ask. My school is in desperate need of mentors. These mentors would meet with a student once a week- during school hours- for 15-20 minutes to discuss how the student is doing in school/ outside life/etc. The only requirement would be a brief training from our mentor coordinator and he would be willing to come to our church either a Sunday afternoon and/or a week night to train those that can volunteer.

Can you help? Just email me if you are interested. We had several mentors drop out at last minute and our need is high. They are willing to come and train next week for those interested.

Thank you!

Shout out to all involved in the Seniors 'Emergency Kit Project' 1 year later

To all the wonderful people who took the time to care about our older adults in the community, and then put that into action, I commend you for a job well done.

We started this journey 1 year ago with the goal to get emergency kits into the hands of some of the frailest seniors, the clients that receive the home delivered meals. You took it one step further and also made sure that the seniors who attend our nutrition programs throughout the county also got the emergency kits. I know your still tying up a few loose ends but I just need to say 'Thank You' so much for all you and your crew has done to make this happen.

I will be meeting with my seniors at their yearly Valentine Event in Troutman in a few days and will be sharing a summary of what all was accomplished. I plan to emphasize the many hours of planning; delivering, hauling, door knocking that went into this project. I want them to know people still care and they can count on us as a community. Again, 'Thank-you' for all your hard work. Please pass this along to the great people that worked with you on this project.

Additional prayer requests:

Hold tight Jean Stroupe's grandsons, Ayden and Hunter. Both have been diagnosed with RSV. Hold Kari tight as well, for a mama with two sick babies gets very weary.

Hold the Goodman family tight as well. Kathy is on her way to Texas to help her daughter. Please don't post anything related to this on Facebook. The family requests privacy. Nonetheless, as their church family, we show our support...quietly and surely!!
