

From the desk of Stephen Schwartz

2015 July 22

To: JoAnna Pillsbury, Matthew Croft and the Cast and Crew of the RCS Summer Music Theatre production of *Children of Eden*:

I was delighted to learn that you are performing the first amateur symphonic orchestral production of *Children of Eden*. It remains my favorite of all my shows, and I'm sure it will sound beautiful with these new orchestrations. I wanted to add my voice to the chorus of well-wishes coming your way on opening night and to send my Congratu-lotions to all and especially the students in the orchestra. Break a leg tonight! Sincerely,
