Indemnification, Waiver, and Release Agreement

Any and all members, or users of the Flying Field shall execute an agreement providing for the waiver and release of liability, and indemnification of the Landowners and Trabuco Canyon Flying Association ("Flyers"), in the following form:

I/We _____
hereby understand and agree to accept the risk of bodily injury and/or property damage which I/we may incur or cause a third party to incur as a result of my/our use of the field, runway, facilities and premises ("Flyers' Field").

I/We understand that this risk includes, but is not limited to, any dust or vapors inhalation, noise, airborne materials or objects, and the actions of other users of the Flyers' Field.

With this understanding, I/we further agree to indemnify, defend, and hold harmless the Landowner / Flyers, and any of their respective officers, agents, and employees from and against any and all claims, leases, injuries, suits or judgments arising from, or in connection with, my/our presence and or activities at the Flyers' Field.

I/we agree to this indemnification and save harmless for myself/ourselves, my/our successors, assigns, heirs, executors and administrators, and any other person or entity(ies) who/which may have a claim based upon my/our personal injuries and/or property damage.

Furthermore, I/we have read and agree to abide by the rules and regulations pertaining to use of the Flyers' Field and acknowledge receipt of a copy of same. I/we understand further that I/we will be held financially responsible for any damage to facilities or equipment which occurs through use of the Flyers' Field.

Trabuco RC Flyers Flight Line Protocols

1. Before turning on your radio, you **MUST** have the frequency pin if flying on 72MHz. 2.4GHz does not require a pin.
2. If you are sharing a radio channel, you **MUST** impound your radio by putting it on the hooks in the frequency control stand area. (IF YOU SHOOT DOWN A PLANE DUE TO FAILURE TO IMPOUND, YOU WILL BE REQUIRED TO REPLACE IT).
3. Pilot's must be in one of the five flight stands while flying.
4. When going on or across the runway for any reason announce **"ON THE RUNWAY"** loudly enough so other flyers can hear you.
5. When taxing on to the runway, announce loudly enough **"COMING OUT"**.
6. When landing, announce loudly enough **"LANDING"** on your downwind leg.
7. When you are dead stick, announce loudly enough **"DEAD STICK"**. Dead stick landings have priority over all others.
8. Non pilot or cadet children must stay behind the pit area for their safety unless accompanied by an adult.
9. Clean your area, put away your table and chairs when you are done flying.
10. There is food and drinks in the refrigerators in the snack shack. The prices are on the wall. We operate under the honor system.
11. The barbeques are for members & guests to use. We ask when you are finished cooking, to turn off the BBQ **AND** close the valve on the propane tank.
12. When backing into a space with your vehicle, try to keep close to the next vehicle to allow space for everyone. Do not park or drive on any black top area.
13. Please follow the posted flight pattern and avoid the restricted flight zone.
14. You must have a Fire extinguisher with you at all times when flying. If you forget, you can either rent one for the day at a cost of \$5.00 or you can purchase one from the club at club cost.
