

**Request For Proposal #02-2019**  
**For**  
**Medical and Mental Health Services**  
**Addendum #1**

We have received questions from a prospective Vendor in reference to the RFP #02-2019. The questions and answers are listed below.

**Questions**

1. Would you be willing to accept our proposal response without the qualified mental health provider?
2. Would you consider adding a provider from the local community to your jail staff if we provide a psychiatrist or psychiatric nurse practitioner for diagnosis and treatment?
3. If we must add a QHMP to our staff, would you allow time for us to search for and hire the necessary practitioner?

**Responses**

1. SRJA will review all proposals submitted, however we will only consider awarding the contract to Offerors that can meet the criteria as outlined in the RFP.
2. SRJA won't consider adding a provider from the local community to our jail staff.
3. If a QMHP would need to be added to your staff, either as an employee or subcontractor, the QMHP would need to be onboard by the time services are to begin, which is expected to be in July, if possible or soon thereafter, depending on how long it takes to complete the procurement process.
