Farmer Testimonies:

JAMESTOWN, OHIO

The Tiger Shark Sections for my JD635 lasted longer, stayed sharper, and cost \$.85 less than the OEM.

SPRINGFIELD, OHIO

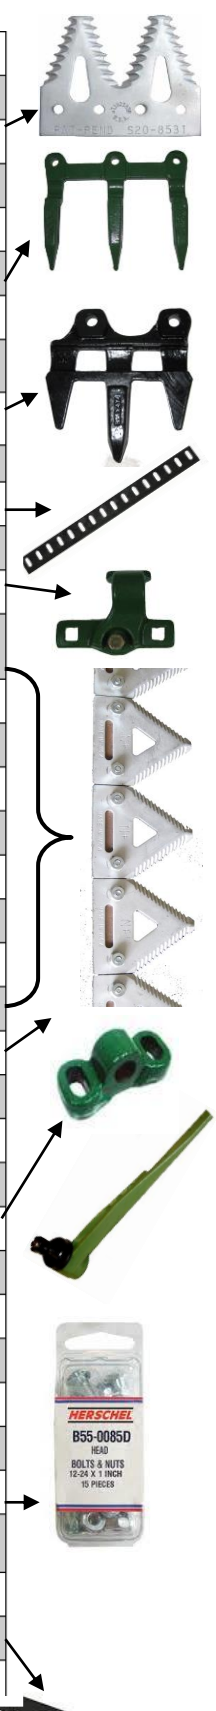

We tried 10 of the 8398 Mac Don Tiger Shark sections in 2014, and wished we had them sooner. They were **BY FAR BETTER** than the O.E.M. sections!

These Sections Are the latest Advancement In Cutter Bar Performance!

\$ 6.00 SALE

"GENTLE FINGERS"

With over 6 million, patented "GENTLE FINGERS" in the fields, we're secure in stating we have the best designed nylon reel finger replacement available in the market place today. The patented "T Bar" design allows "GENTLE FINGERS" to bend uniformly from point of contact to the point of attachment, thereby eliminating a weak spot where the finger could bend again and again, and in time, break off during use.

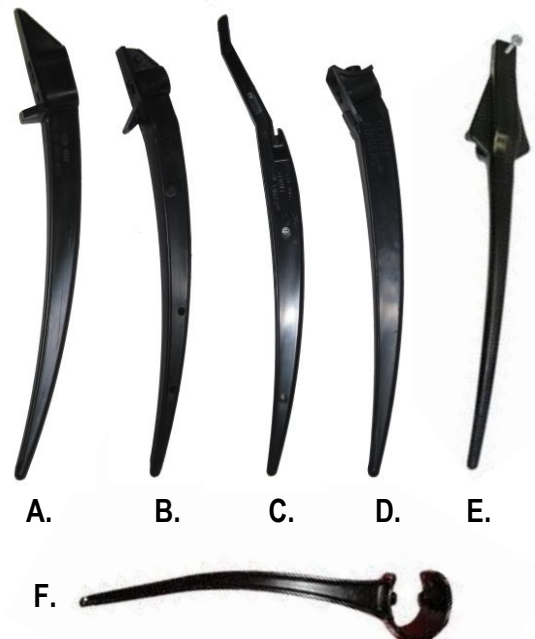

- Eliminates broken cutter bar parts that are the result of getting steel fingers into the sickle.
- Eliminates the need for plastic tile over wooden slats since "GENTLE FINGERS" will not allow crop to wrap.

The following "GENTLE FINGERS" come complete with hardware & mounting instructions:
