Individual class makeups for absences are permitted in classes with space remaining with approval from the studio.

Sibling discount: class rate is determined by family class totals

Registration fee: a \$25 lifetime registration fee is due for all new students; a \$15 registration fee is due for all siblings

Recital fees: participation in the annual recital is optional. All prices will be published and all known dates will be distributed before commitment is required. Costume, tights, and recital fees will be determined and distributed throughout the year.

All class spaces are first come, first served. September tuition and registration fees are due upon registration. Registrations without full payment for September will be added to the waitlist for classes. All registration fees, tuition, costume payments, recital fees, tights fees, and competition fees are non-refundable and non-transferable. Withdrawal from monthly classes requires a 30-day written notice and payment for the next month's tuition. Withdrawal from the competition team follows the policies as described in the competition team contract.
