We need this fully completed Remote Return Package and all tax and supporting documents **before starting your tax return**. Below are options on how to get these items to Downey Tax Company. Please do your best to identify the information you are sending as yours. Send all documents together; sending these separately may cause confusion and delays. Be sure all documents are **full copies of actual documents and are clearly legible**.

#### **Client Portal:**

The safest and most efficient way to exchange information and documents with us is via Downey Tax Company's private and secure **Client Portal system**. This portal is user friendly and accessible anywhere you have internet. It allows you to drop all your documents into one private and safe location that **only** you and your tax preparer share. You will also have access to the portal once your return is finished. You can visit your portal in the future to get information and copies of your tax return and tax return documents.

If you would like to make use of the portal, then let your preparer know. Your tax preparer will send you an invitation to the portal and initiate communication.

Use the portal's *Upload* button to get your documents in to the portal. You can scan or take a picture of your paper documents to be uploaded to your portal. Your tax preparer can send you additional directions for using the portal if you are in need.

### Fax:

You can also fax your information to your tax preparer. Please be sure to follow up with us to be sure everything was received ok.

Fax your documents to fax# 562-862-1041.

Please include a cover page that references *Remote Return* and contains **your name**, **contact information**, and how many **# pages** are included in the fax.

#### Mail:

Another option is mail. Please package in a safe envelope and follow up with us to be sure everything was received ok.

Mail **copies** of original documents and a completed Remote Return Package to:

### **Deposit and Fees**

There is a **\$50.00 non-refundable deposit** that will need to be collected before any work can be started on your tax return. This deposit will go towards any amount that may be due after your work is done.
