Applications

Toilet Partitions & Urinal Privacy Screens

Bealone® toilet partitions are the product of choice where durability and strength are required. These partitions are fabricated to stand the test of time.

The dense components, combined with stainless steel brackets and fasteners, stand up to the most extreme conditions of moisture and humidity.

Applications

For education from Nursery ... to University

Perfect for the younger age group,
designed to resist the rough and
tumble of pre-school children.

Well thought out dimensions allow for
a child's privacy under adult
supervision.

Recommended for :

Schools, Kindergartens, Early
Education Centers, Play centers &
Daycare Centers

Our panel is impact, water and corrosion resistant, and does not support bacteria.

Bealone® toilet partitions are decoratively faced on both sides as an integral part of a resin-impregnated kraft paper core. The surface and core sheets are fused at high temperature and pressure. In addition to strength and serviceability, a wide range of colors provides limitless design flexibility.

Bealone® urinal privacy screens are wall hung panels that divide/separate areas between urinals, Lavatories and Entry areas. Depending on your layout or area needs, urinal screens offer division and privacy in areas where a full privacy compartment is not practical.

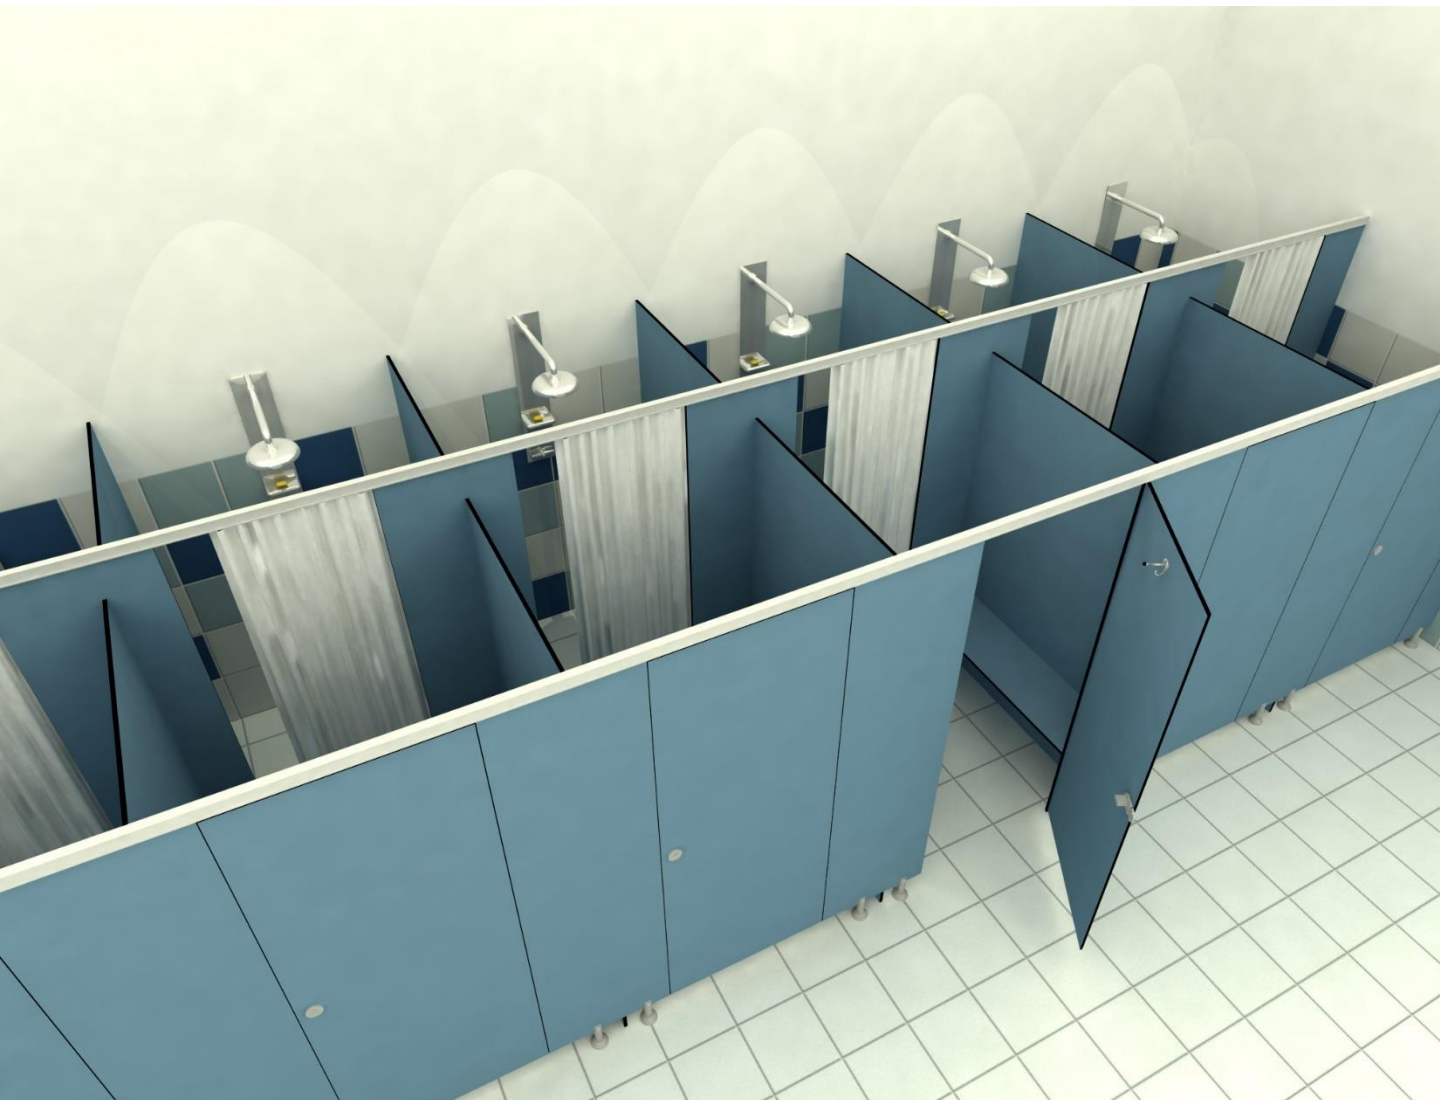

Bealone® urinal privacy screens are suitable for commercial offices, restaurants, hotels, clubs and schools. High quality finish and modern design. Provides added privacy in amenities.

Applications

Shower & Dressing

In shower rooms that are constructed for multiple person use, Bealone® offers shower and dressing compartments in a wide range of standard or customized configurations to satisfy any requested design concept.

Bealone® can provide compartments in the same matching components and material finishes as our toilet partitions to ensure uniformity on your project's appearance. We provide dressing compartments to include either doors or curtains and benches can always be incorporated into the design if needed.
