Terry Ann Ehrlich

"I just wanted to let you know how much I appreciate the wonderful job that is being done with the snow removal. They have been plowing almost nonstop since about 7 or 8 last night...not sure of the time. They even had the sidewalks shoveled by 10 or so....I hope you pass my remarks to the people at FLM. Everyone is doing a great job, and I am grateful for their hard work."

"I want to thank the crew this morning for their above & beyond response to help me get to a doctor appointment this morning. As they were clearing the snow, one of the crew motioned the bobcat operators to clear my driveway when I waved my injured hand and told him of my appointment. A huge and much appreciated thank you!"

"Work crew is great. Almost done here. Best crew in skid steers I have experienced. Very efficient."

"Thanks for the cleared driveway exit! Looks GREAT! Grateful for you and Team!

Please forward our appreciation for the EXCELLENT snow removal job by Foothills Landscape Maintenance and Team! Hooray for these hard workers! The weather was still nasty, yet the crew was very positive despite the harsh weather! We snapped a few photos with proof positive that there ARE good workers who want to make a difference for GOOD! HOORAY!!!

We are grateful for their EXCELLENT SERVICE!"

"Yaaaaayyyyy! I agree with Hob and Beth. The crew did an amazing job! They even maneuvered around an SUV I had asked to park elsewhere but didn't (didn't get my note.) In the three winters I have been here this is the best snow removal job I have seen. Please pass on my comments and thanks to these workers."

"Hi Josh!!! You guys are incredible!!! On behalf of the Board and homeowners...THANK YOU to your entire team for working tirelessly through this storm!!" "I knew you had it covered just wanted to double check, thank you again, you all are literally the unsung heroes of these storms along with the tree companies."

Sheila Powers  
Property Manager- Sherwood Shores East

"Shane,

I just want to comment on Josh and Sean - and teams. Been a trying snowstorm for sure! I've had 200+ emails and calls from short sighted people complaining - plus a few that were justified. Sean and Josh did an outstanding job considering what they were up against. Is it done yet? Nope. But we're getting close. Still a few fires to put out here and there but I wanted to tell you that as my English Teacher once said: "They dun good!" When I called them with issues, missed spots, whatever, they simply jumped on it.

Thanks"

Jayden has been doing a wonderful job with the snow removal. Ron has reported he is very pleased with how it has been handled.

All and all three notes after this caliber of storm is impressive!”

“Hi Scott,

We at Vintage Villas would like to thank you and your crew for the great job they did in clearing the snow from our sidewalks and driveways. Just wish that the City of Evans could clear the streets as well as your crew did. Looking forward to working with you this Summer. Only 1 month before the irrigation is turned on. Again, THANKS”

“Hello FLM Snow Crew!

I just wanted to say a huge thank you for all your work during the snowstorm this weekend. When I am snug & warm in bed & hear you out there in the storm, I pray for you & say thank you for you. I am sure you get more complaints than praise—because people only speak up when they want to complain. But know that I am always thankful for you. I am on the West Point Condo board & I always defend you when someone wants to complain. Please keep up the good work & know that you are appreciated!”

“FLM showed up yesterday afternoon with a three-man crew. These guys were super nice and interested in cleaning the tree debris from the neighborhood. They thought it might take a couple of days to get everything removed that was 10 feet or less high. I drove thru Pike Cir N this morning and they had removed everything they could. What a crew! There is one huge branch that is touching two patio homes that an arborist company will have to remove so as not to damage the houses.

Thanks Claudia and thanks to Josh, his crew and FLM.”
